

June 18, 2019

To All District Parent/Guardians and High School Students,

I am extremely excited to be your new Superintendent. I want you to know that providing an environment within each school that is positive and fosters growth is critical to what we do, each and every day. Your students' ability to feel and be safe is my most important concern. I believe that a positive culture, where all members of the school community are respected is the foundation for all academic and social learning.

In order to move forward, I need to learn where we are currently in providing that desired culture. I am asking all of our stakeholders to participate in a School Climate Survey specifically designed for each group:

**\* Students in Grades 3-8 will be administered an age appropriate survey on Friday, June 21 during the school day (the nationally recognized surveys on school culture begin at Grade 3).**

**\* Students in Grades 9-12 and Parent/Guardians, can click on the respective survey link(s) below.**

The School Climate Survey is anonymous and the data collected from the survey will be used to identify perceptions of school climate issues within our schools. Based on the results, I will then outline an action plan process for improvement with the administrative team that will be presented to the Board of Education. I will also be sharing the results with our school community members.

Our desire is to involve parents in their children's education. We want to know about your personal experiences.

The link to the parent/guardian survey is [available here](#) and is active now through June 26. The link for students in Grades 9-12 is [available here](#) and is also active now through June 26.

***If you do not wish for your child, in Grade 3-8, to participate in this activity, please sign below and return this form to the school by Thursday, June 20, 2019.***

Thank you for your time and consideration!

My best,

Mr. Bruce Potter  
Superintendent of Schools

---

**\* If your child has permission to participate in this survey, there is no need to return this form.**

**\* I prefer that my child DOES NOT participate in the School Climate Survey (please complete and return)**
