Operations**SUBJECT: BUDGET PLANNING AND DEVELOPMENT**

Budget planning and development for the District will be an integral part of program planning so that the annual operating budget may effectively express and implement programs and activities of the School System. Budget planning will be a year-round process involving participation of District-level administrators, Principals, Directors, Coordinators, teachers, and other personnel. The process of budget planning and development will contain numerous opportunities for public information and feedback.

The Superintendent will have overall responsibility for budget preparation, including the construction of and adherence to a budget calendar. Program managers will develop and submit budget requests for their particular areas of responsibility after seeking the advice and suggestions of staff members.

Principals will develop and submit budget requests for their particular schools in conjunction with the advice and suggestions of staff members and their own professional judgment. Each school's budget request will be the Principal's recommendation as to the most effective way to use available resources in achieving progress toward the approved educational objectives of the school. Program budgets and school budgets will reflect state and/or federal requirements, special sources of funding, and District objectives and priorities.

The Board will give consideration to budget requests, and will review allocations for appropriateness and for their consistency with the School System's educational priorities.

All budget documents for distribution to the public shall be in plain language and organized in a manner which best promotes public comprehension of the contents. Documents shall be complete and accurate and contain sufficient detail to adequately inform the public regarding such data as estimated revenues, proposed expenditures, transfers to other funds, fund balance information, and changes in such information from the prior year's submitted budget.

The budget will be presented in three (3) components which are to be voted upon as one (1) proposition:

- a) A program component which shall include, but need not be limited to, all program expenditures of the School District, including the salaries and benefits of teachers and any school administrators or supervisors who spend a majority of their time performing teaching duties, and all transportation operating expenses;
- b) A capital component which shall include, but need not be limited to, all transportation capital, debt service, and lease expenditures; costs resulting from judgments and tax certiorari proceedings or the payment of awards from court judgments, administrative orders or settled or compromised claims; and all facilities costs of the School District, including facilities leases expenditures, the annual debt service and total debt for all facilities financed by bonds and notes of the School District, and the costs of construction,

Each component must be separately delineated in accordance with Commissioner's Regulations.

Additionally, the Board of Education shall append to the proposed budget the following documents:

- d) A Property Tax Report Card prepared in accordance with law and Commissioner's Regulations (see subheading "Property Tax Report Card").

The proposed budget for the ensuing school year shall be reviewed by the Board of Education and publicly disseminated, in accordance with law, prior to its submission to District voters for approval.

Property Tax Report Card

Each year, the Board of Education shall prepare a Property Tax Report Card, pursuant to Commissioner's Regulations, and shall make it publicly available by transmitting it to local newspapers of general circulation, appending it to copies of the proposed budget made publicly available as required by law, making it available for distribution at the Annual Meeting, and otherwise disseminating it as required by the Commissioner.

SUBJECT: SCHOOL DISTRICT BUDGET HEARING (Cont'd.)**Budget Notice**

The School District Clerk shall mail a School Budget Notice to all qualified voters of the School District after the date of the Budget Hearing, but no later than six (6) days prior to the Annual Meeting and Election or Special District Meeting at which a school budget vote will occur. The School Budget Notice shall compare the percentage increase or decrease in total spending under the proposed budget over total spending under the School District budget adopted for the current school year, with the percentage increase or decrease in the Consumer Price Index from January first of the prior school year to January first of the current school year.

The Budget Notice shall include a description of how total spending and the tax levy resulting from the proposed budget would compare with a projected contingency budget, assuming that such contingency budget is adopted on the same day as the vote on the proposed budget. Such comparison shall be in total and by component (i.e., program, capital and administrative), and shall include a statement of the assumptions made in estimating the projected contingency budget.

The Notice shall also include, in a manner and format prescribed by the Commissioner of Education, a comparison of the tax savings under the basic school tax relief (STAR) exemption and the increase or decrease in school taxes from the prior year, and the resulting net taxpayer savings for a hypothetical home within the District with a full value of one hundred thousand dollars (\$100,000) under the existing School District budget as compared with such savings under the proposed budget.

The Notice shall also set forth the date, time and place of the school budget vote in the same manner as in the Notice of the Annual Meeting. The School Budget Notice shall be in a form prescribed by the Commissioner of Education.

SUBJECT: BUDGET ADOPTION

The Board of Education shall review the recommended budget of the Superintendent of Schools and shall seek public input and feedback regarding the recommended budget including, but not limited to, holding a public budget hearing not less than seven (7) nor more than fourteen (14) days prior to the Annual District Meeting and Election at which the budget vote is to occur. The Board may modify the recommended budget of the Superintendent prior to its submission to District voters. Final authorization of the proposed budget is dependent upon voter approval unless a contingency budget is adopted by the Board.

In the event the original proposed budget is not approved at the Annual District Meeting and Election, the Board may resubmit the original proposed budget or a revised budget for voter approval, or individual propositions may be placed before District voters, at a special meeting held at a later date. In the alternative, if the initial proposed budget is defeated, the Board may adopt a contingency budget and levy taxes as necessary for implementation of the contingency budget expenditures. If the voters fail to approve the second budget submittal, or budget proposition(s), the Board shall adopt a contingency budget in accordance with law.

The School District budget for any school year, or any part of such budget, or any proposition(s) involving the expenditure of money for that school year, shall not be submitted for a vote of the qualified District voters more than twice.

The School District budget, once adopted, becomes the basis for establishing the tax levy on real property within the District.

SUBJECT: ADMINISTRATION OF THE BUDGET

The Superintendent of Schools, working in conjunction with the administrative staff, is responsible to the Board for the administration of the budget.

- a) He/she shall acquaint District employees with the final provisions of the program budget and guide them in planning to operate efficiently and economically within these provisions.
- b) Under his/her direction the District shall maintain such records of accounting control as are required by the New York State Uniform System of Accounts for School Districts, the Board of Education, and such other procedures as are deemed necessary and shall keep the various operational units informed through periodic reports as to the status of their individual budgets.
- c) Board approval is required prior to the expenditure of District funds.

SUBJECT: CONTINGENCY BUDGET

The School District budget for any school year or any part of such budget, or any proposition involving the expenditure of money for such school year, shall not be submitted for a vote of the qualified voters of the District more than twice in any school year.

If the original proposed budget is not approved by District voters at the Annual District Meeting and Election, the Board has the option of either resubmitting the original or revised budget for voter approval at a special meeting held at a later date; or the Board may, at that point, adopt a contingency budget and levy a tax for teachers' salaries and ordinary contingent expenses as enumerated in law. If the Board decides to submit either the original or a revised budget to the voters for a second time, and the voters do not approve the second budget submittal, the Board shall adopt a contingency budget and levy a tax for those expenditures mandated pursuant to law and/or for those services necessary to maintain the educational program.

The contingency budget will include the sum necessary for teachers' salaries (i.e., professional educator positions certificated by the State Education Department which include teachers, administrators, teaching assistants, and professional specialists in the various areas of pupil personnel services) and ordinary contingent expenses as determined by the Board in accordance with law including, but not limited to, the purchase of library books and other instructional materials associated with the school library; expenses for cafeteria or restaurant services; and expenses incurred for interscholastic athletics, field trips and other extracurricular activities. Ordinary contingent expenses include, but are not limited to, legal expenses incurred by the District; expenditures specifically authorized by statute; and other items necessary to maintain the educational program, preserve property, and assure the health and safety of students and staff. As deemed necessary, school counsel may be consulted for review as to those items considered to be ordinary contingent expenses prior to Board adoption of the contingency budget.

In accordance with law, the contingency budget will reflect the statutory expenditure limits imposed on the administrative component of the contingency budget as well as the total spending authorized in the overall contingency budget.

With regard to overall District spending, the contingency budget, as a whole, shall not result in a percentage increase in total spending over the District's total spending under the School District budget for the prior year that exceeds the lesser of:

- a) The result when one hundred twenty percent (120%) is multiplied by the percentage increase in the Consumer Price Index (CPI), with the result rounded to two decimal places; or
- b) Four percent (4%).

Additionally, the administrative component of the contingency budget shall not comprise a greater percentage of the contingency budget exclusive of the capital component than the lesser of:

(Continued)

SUBJECT: CONTINGENCY BUDGET (Cont'd.)

- a) The percentage the administrative component had comprised in the prior year budget exclusive of the capital component; or
- b) The percentage the administrative component had comprised in the last proposed defeated budget exclusive of the capital component.

The Consumer Price Index to be used refers to the percentage that represents the average of the national consumer price indexes determined by the U.S. Department of Labor for the twelve-month period preceding January first of the current year.

In determining the increase in total expenses when computing the contingency budget percentage increase, the following expenditures shall be disregarded:

- a) Expenditures resulting from a tax certiorari proceeding;
- b) Expenditures resulting from a court order or judgment against the School District;
- c) Emergency expenditures that are certified by the Commissioner of Education as necessary as a result of damage to, or destruction of, a school building or school equipment;
- d) Capital expenditures resulting from the construction, acquisition, reconstruction, rehabilitation or improvement of school facilities, including debt service and lease expenditures, subject to voter approval;
- e) Expenditures in the contingency budget attributable to projected increases in public school enrollment, which may include increases attributable to the enrollment of students attending a pre-kindergarten program established in accordance with Education Law Section 3602-e;
- f) Non-recurring expenditures in the prior year's School District budget; and
- g) Expenditure of gifts and grants in aid and use of insurance proceeds.

Should the Board of Education adopt a contingency budget, it will officially pass a resolution reflecting such action; and that resolution shall incorporate by reference a statement specifying the projected percentage increase or decrease in total spending for the school year, and explain the reasons why the Board disregarded any portion of an increase in spending in formulating the contingency budget.
